Product Description:

Our cow hoof pads are made of high-quality wood, which is a durable and long-lasting material. This means that you can use these pads for a long time without having to worry about wear and tear. The wooden material also provides a non-slip surface, which is important during the trimming process as it prevents the cow from slipping or moving around too much. This ensures that the cow is in a stable and comfortable position, which makes the process much easier and safer.

Our cow hoof pads are specifically designed for cow/cattle hoof trimming. This means that they are the perfect size and shape for cow hooves, which makes the trimming process much more efficient and precise. The 5.2CM width of the pads is perfect for cow hooves, as it provides a comfortable and stable surface for the cow to stand on during the trimming process.

If you are looking for a high-quality cow hoof pad for hoof trimming, then our Wooden Hoof Pads are the perfect choice. These pads are made of premium quality wood, have a width of 5.2CM, and are specifically designed for cow/cattle hoof trimming. They provide a comfortable and stable surface for the cow to stand on during the trimming process, which makes the process much easier and safer for both the animal and the operator.

Features:

Product Name: Cattle Hoof Trimming Tools

Width: 5.2CM

Usage: Cattle Hoof Trimming

Durability: High

Thickness: 2CM

Animal Type Application: Cow/Cattle

Features:

Rubber Hood Pad for comfortable grip

Technical Parameters:

Width	5.2CM
Animal Type Application	Cow/Cattle
Thickness	2CM
Length	11CM
Item	Wooden Hoof Pad
Material	Wooden
Usage	Cattle Hoof Trimming
Durability	High

Applications:

Cattle hoof trimming is an essential aspect of animal husbandry and is crucial to maintaining the health of cows. The Chuangpu HL-Q30A is designed to help farmers and livestock owners trim cow hooves with ease. The tool can be used on different occasions and scenarios, including during regular hoof maintenance, treatment of foot injuries, or when preparing cows for shows or competitions.

The Chuangpu HL-Q30A is suitable for use on cow hooves, cow hoof pads, and rubber hood pads. The tool's unique design allows for precise trimming of hooves without causing any discomfort to the cow. The tool is easy to use and can be operated by both professionals and amateurs.

Whether you are a farmer, livestock owner, or veterinarian, the Chuangpu HL-Q30A is an essential tool to have in your arsenal. The tool's high durability ensures that it will last for a long time, and its ease of use makes it an excellent choice for those who are new to cattle hoof trimming. The Chuangpu HL-Q30A is an excellent investment for anyone who cares about the health and well-being of their cows.
